1. UP EXPRESS

UP Express transports guests between UP Express Station at Toronto Pearson International Airport Terminal 1 (Pearson Airport Station) and Union Station with stops along the way at Weston and Bloor Stations.

Subject to any advertised restrictions, UP Express guests may board any train for which their ticket is valid, however, seating and capacity cannot be guaranteed.

2. GUEST RESPONSIBILITIES

2.1. GUESTS ARE ADVISED TO ALLOW ENOUGH TIME FOR THEIR JOURNEY TO TORONTO PEARSON INTERNATIONAL AIRPORT

Your airline or travel agent will notify you of the minimum recommended check-in time at Toronto Pearson International Airport.

To allow plenty of time for check-in procedures, baggage drop-off and security checks, always arrive at Toronto Pearson International Airport well in advance of your flight. Remember, there may be queues at airline check-in desks. Please visit the Canadian Air Transport Security Authority (CATSA) website at <http://www.catsa.gc.ca/home> for details regarding flight times and other flight information.

Also, allow adequate time to get from the UP Express Pearson Airport station at Terminal 1 to the check-in desk for your minimum check-in time. Guests connecting to Terminal 3 should allow for additional time to transfer between terminals. Terminal transfers can be made free of charge using the Pearson Terminal Link Train, which departs regularly.

For further information on the Link Train please visit www.torontopearson.com.

2.2. GUESTS ARE ADVISED TO VERIFY THEIR TICKETS AT THE TIME OF ISSUE

When you purchase an UP Express ticket, please make sure it is the correct ticket type and for the designated origin and destination on the ticket. If possible, draw any apparent errors to the attention of the UP Express staff immediately.

2.3. GUESTS ARE ADVISED TO ENSURE THEY ARE ON THE CORRECT TRAIN AND EXIT AT THE CORRECT STATION

Please make sure you board the correct train and de-board at the correct station. UP Express cannot be held responsible for any loss or delay if you do not do so.

3. TICKETS

3.1. TICKETS MUST BE PURCHASED PRIOR TO BOARDING

Tickets are needed for all journeys on UP Express, and must be purchased before boarding. UP Express tickets are not sold onboard the train.

3.2. PRESTO CARD AND CONTACTLESS PAYMENT USERS

PRESTO Cards

Guests are able to use PRESTO cards on the UP Express system. There are four ways guests can purchase a PRESTO card:

- Visit a service counter at any GO Transit station or UP Express station
- At select Shoppers Drug Mart locations
- At select Ticket Vending Machines. For additional information click here
- Online – to order a PRESTO card online please visit **www.prestocard.ca** for more details

Guests who currently hold PRESTO cards can load (i.e. add value), and/or check the balance of their PRESTO card:

- Through the Fare Vending Machines at Bloor, Weston or Pearson Airport stations
- By logging in online via PRESTO website (www.prestocard.ca)
- By visiting the service counter
- By calling PRESTO at 1.877.378.6123
- At select Shoppers Drug Mart locations
- Through the PRESTO Mobile Application (<https://www.prestocard.ca/en/about/presto-app>)

How to use PRESTO card and contactless payment on UP Express – Going to or from the Airport

Fare transactions made on PRESTO cards for trips that are to or from Pearson Airport are validated by tapping ON on a designated UP Express PRESTO Fare Payment device located at all UP Express stations at the beginning of the trip, and by tapping OFF on an UP Express PRESTO Fare Payment device at the final destination. PRESTO cards are transferable, but may only be used by one individual per trip. You may also use your contactless credit card, or a compatible mobile wallet on a smart device, such as a smart phone or wearable, by tapping ON on a designated UP Express PRESTO Fare Payment device located at all UP Express stations at the beginning of the trip, and by tapping OFF on an UP Express PRESTO Fare Payment device at the final destination. For a full list of accepted contactless payment media, please visit the PRESTO website at <https://www.prestocard.ca/en>.

At the current time, only one-way Adult fares are available for contactless payment. Fare concessions (e.g. Senior, Youth) are not available on PRESTO contactless.

Guests tapping ON an UP Express PRESTO Fare Payment device with their PRESTO card or contactless payment media are giving authorization for the full adult fare cost of their journey, including any maximum fares or Unpaid Fares, to be charged to their issuing financial institution. When they arrive at their destination, the guest must tap OFF at an UP Express PRESTO Fare Payment device to close the transaction. At this point, if their trip's fare is less than the maximum, the PRESTO card or the contactless payment media (same card or device used to tap ON) will be credited accordingly.

For Example – When a guest enters the UP Express system at Weston station en route to Pearson station, the moment the guest taps ON a designated UP Express PRESTO Fare Payment device, the guest will be charged the maximum fare (which in this case would be from Weston station to Pearson station). Once the guest taps OFF at a designated UP

Express PRESTO Fare Payment device at Pearson station, the transaction will be closed and processed at the appropriate Weston to Pearson fare (rather than Weston to Union).

In the event that a guest forgets to tap OFF at an UP Express PRESTO Fare Payment device once they reach their final leg of their journey, they will be charged the maximum fare from the station where the guest initially tapped ON.

Please note that all PRESTO card and contactless payment media transactions on UP Express Fare Payment devices are closed and processed after 60 minutes of the guest's initial tap ON when entering the UP Express system. Be sure to board within 60 minutes of your tap ON.

While on-board the train, PRESTO card and contactless payment media users will be requested by the authorized Transit Agency representative to provide their card for inspection purposes.

How to use PRESTO card and contactless payment media on UP Express – Going to or from non-Airport stations

Guests who wish to travel from a non-Airport station to another non-Airport station (Union, Bloor or Weston stations) can tap their PRESTO card or use an accepted contactless credit card, or a compatible mobile wallet on a smart device, such as a smart phone or wearable, on an UP Express PRESTO Fare Payment device. If a Guest taps ON an UP Express Fare Payment device, they must tap OFF on an UP Express PRESTO Fare Payment device once they reach their destination. In case of an accidental tap ON/OFF on a GO Transit Fare Payment device, guests may reverse the tap as detailed below. Please note that guests will still need to tap ON (or tap OFF, as appropriate) on the correct device.

While on-board the train, guests will be requested by the authorized Transit Agency representative to provide their PRESTO card or their contactless payment media used for initial tap for inspection purposes.

Reversing PRESTO card taps

In the event that a guest would like to reverse (cancel) their tap ON from an UP Express PRESTO Fare Payment device, guests can immediately reverse the tap ON by pressing the correction button (indicated by the "X" symbol) until the "Fare Payment Reversal" screen appears and re-tapping their card on the UP Express PRESTO Fare Payment device. The amount deducted will be credited back to the PRESTO card. Please note that the reversal must be completed at the same station within 60 minutes of the initial tap ON.

For further assistance, guests can contact UP Express Guest Services, speak with a Guest Services Representative, or call PRESTO at 1-877-378-6123. If a guest taps OFF on the wrong device (completing their transaction), they may also contact PRESTO at 1.877.378.6123 for assistance.

For more information about PRESTO card, please visit www.prestocard.ca

Full PRESTO card refund

Guests can obtain a refund on the balance of their PRESTO cards subject to a four percent (4%) administration fee. For cards that have a balance over \$50, a mail-in form must be sent to PRESTO. For cards that have a balance under \$50, to apply for a refund, you should call

the PRESTO Contact Centre at 1-877-378-6123. In either case, cards must be returned to PRESTO once refunded. Visit www.prestocard.ca for more information.

Note that a PRESTO card balance cannot be refunded if the card has a negative balance.

PRESTO contactless

PRESTO contactless delivers freedom by providing an easier, more convenient way to pay while moving seamlessly around the region – allowing contactless credit card, or a compatible mobile wallet on smart device such as a smart phone or wearable as valid fare form of payment on the UP Express.

UP Express customers currently purchasing UP Express tickets/e-tickets or use PRESTO card to travel to the airport or commute between Pearson airport to downtown Toronto are now able to use their contactless payment media to pay for their transit ride on UP Express. No need to purchase a PRESTO card, load funds, or pre-load your PRESTO card before travel, and there is no need to wait in line to purchase tickets.

When using a contactless payment media, you must always tap on and off (as required) using the same contactless payment media (single card or device). For example, if you tap on with your phone and tap off with your watch or card, you will be charged for two separate incomplete journeys.

- If you are using a payment card, remove the payment card from your wallet or purse before tapping on and off to ensure it is read properly by the UP Express PRESTO Fare Payment device
- If you are using a smart device, you must have sufficient battery power to complete your journey as you may be asked at any time to provide proof of payment
- You should tap only the contactless payment media that you want to pay with on the UP Express PRESTO Fare Payment device

You must tap your contactless payment media on a UP Express PRESTO Fare Payment device at the start and end of each journey. Please complete your journey within sixty (60) minutes of initial tap on.

- A green checkmark screen, accompanied by a success beep, means that your contactless payment media has been accepted for travel
- A red “X” screen, accompanied by a failure buzzer, means your contactless payment media has been rejected for travel
- If your contactless payment media has been rejected, you must not travel any further until either your contactless payment media has been accepted for travel or you have paid your fare by a different means

If you have tapped on at the start of your journey, and are required to tap off, but you fail to tap off correctly, your contactless payment media may automatically be charged the maximum fare amount.

Your contactless payment media may not be accepted for travel if it:

- Has Unpaid Fares against it; or
- Is verified to be fraudulent or connected with illegal activities; or
- Has been reported lost or stolen; or

- Is rejected by your issuing financial institution; or
- Is damaged

To access your detailed journey and payment history for up to 6 months and to manage Unpaid Fares visit the PRESTO website. For security reasons, certain personal information provided will be subject to verification through third party sources. In order to verify such information, we may disclose such information to third parties for verification purposes. You hereby consent to us making these disclosures for the purpose of obtaining such verifications.

If your contactless payment media does not have sufficient funds or is otherwise declined by your issuing financial institution when PRESTO submits it for payment, PRESTO is unable to collect your fare. In such case, you will be temporarily denied for travel using the contactless payment media that has Unpaid Fares against it until the amount owing has been paid in full.

If you have Unpaid Fares, you authorise PRESTO to recover the fare using your contactless payment media until we receive the full payment. PRESTO will attempt to recover payment:

- through your issuing financial institution, but we will not attempt to recover payment on more than six occasions nor more than once a day nor for longer than 30 days after your payment was first declined; or
- the next time you tap your card on a UP Express PRESTO Fare Payment device

If your Unpaid Fare has been collected by your issuing financial institution and paid to PRESTO, you must verify your contactless payment media is in good standing before travel, either through the PRESTO website or the mobile application.

Alternatively, you can proactively pay any Unpaid Fares through the PRESTO website, or the mobile application.

For full details on the PRESTO contactless program, visit the [PRESTO website](#).

Reversing PRESTO contactless taps

Guest can immediately reverse (cancel) their PRESTO contactless tap ON from an UP Express PRESTO Fare Payment device by pressing the Mode button on the fare payment device screen. The device will display a green check symbol and a message, "Request for reversal recorded". For contactless payment, reversal requests are sent to the PRESTO back-end system for processing.

For further assistance, guests can contact UP Express Guest Services, speak with a Guest Services Representative.

Refunds on fares paid with PRESTO contactless

If you have used your contactless payment media but have paid an incorrect fare amount or could not tap off (if required) due to equipment issues, PRESTO may refund the full or partial fare amount back to the same contactless payment media.

Any financial institution fees incurred by you will not be refunded by PRESTO. You may not

be eligible for a refund if there are any Unpaid Fares owing.

To apply for a refund, you should call the PRESTO Contact Centre or UP Express Guest Services Contact Centre. It may take up to 48 hours for some contactless payment media transactions to fully process, so, when applying for a refund, it is recommended to wait 48 hours from the time of travel.

PRESTO contactless

- For fares made by PRESTO contactless, you must be prepared to show the contactless payment media that you tapped ON at the start of your journey, if asked to do so. You must allow an authorized Transit Agency representative to inspect your contactless payment media at any time during your journey. You may be asked to tap your contactless payment media on an inspection device as part of their inspection. By tapping your contactless payment media on the inspection device, you are confirming that it is the same payment method that you used for travel.
- If the contactless payment media you presented to the inspection device had not been successfully tapped in at the start of your journey or cannot be read (which shall be treated as a failure to provide a valid proof of payment), PRESTO will determine that a failed inspection has occurred and apply an Inspection Fare to the contactless payment media in accordance with the fare policy set out by UP Express. See the table below for Inspection Fare details:

Transit Agency	Inspection Fare
UP Express	Maximum one-way Adult fare cash + \$2.00 Convenience Fee
