1. UP EXPRESS

UP Express transports guests between UP Express Station at Toronto Pearson International Airport Terminal 1 (Pearson Airport Station) and Union Station with stops along the way at Weston and Bloor Stations.

Subject to any advertised restrictions, UP Express guests may board any train for which their ticket is valid, however, seating and capacity cannot be guaranteed.

2. GUEST RESPONSIBILITIES

2.1. GUESTS ARE ADVISED TO ALLOW ENOUGH TIME FOR THEIR JOURNEY TO TORONTO PEARSON INTERNATIONAL AIRPORT

Your airline or travel agent will notify you of the minimum recommended check-in time at Toronto Pearson International Airport.

To allow plenty of time for check-in procedures, baggage drop-off and security checks, always arrive at Toronto Pearson International Airport well in advance of your flight. Remember, there may be queues at airline check-in desks. Please visit the Canadian Air Transport Security Authority (CATSA) website at <http://www.catsa.gc.ca/home> for details regarding flight times and other flight information.

Also, allow adequate time to get from the UP Express Pearson Airport station at Terminal 1 to the check-in desk for your minimum check-in time. Guests connecting to Terminal 3 should allow for additional time to transfer between terminals. Terminal transfers can be made free of charge using the Pearson Terminal Link Train, which departs regularly.

For further information on the Link Train please visit www.torontopearson.com.

2.2. GUESTS ARE ADVISED TO VERIFY THEIR TICKETS AT THE TIME OF ISSUE

When you purchase an UP Express ticket, please make sure it is the correct ticket type and for the designated origin and destination on the ticket. If possible, draw any apparent errors to the attention of the UP Express staff immediately.

2.3. GUESTS ARE ADVISED TO ENSURE THEY ARE ON THE CORRECT TRAIN AND EXIT AT THE CORRECT STATION

Please make sure you board the correct train and de-board at the correct station. UP Express cannot be held responsible for any loss or delay if you do not do so.

3. TICKETS

3.1. TICKETS MUST BE PURCHASED PRIOR TO BOARDING

Tickets are needed for all journeys on UP Express, and must be purchased before boarding. UP Express tickets are not sold onboard the train.

3.2. PRESTO CARD AND CONTACTLESS PAYMENT USERS

PRESTO Cards

Guests are able to use PRESTO cards on the UP Express system. There are four ways guests can purchase a PRESTO card:

- From a GO Transit or UP Express station service counter staff.
- At select Shoppers Drug Mart locations
- At select Ticket Vending Machines. For additional information click here
- Online – to order a PRESTO card online please visit **www.prestocard.ca** for more details

Guests who currently hold PRESTO cards can load (i.e. add value), and/or check the balance of their PRESTO card:

- Through the Ticket Vending Machines at Bloor, Weston or Pearson Airport stations
- By logging in online via PRESTO website (www.prestocard.ca)
- By visiting the service counter (available at UP Pearson Station only)
- By calling PRESTO at 1.877.378.6123
- At select Shoppers Drug Mart locations
- Through the PRESTO Mobile Application (<https://www.prestocard.ca/en/about/presto-app>)

How to use PRESTO card and contactless payment on UP Express – Going to or from the Airport

Fare transactions made on PRESTO cards for trips that are to or from Pearson Airport are validated by tapping ON a designated UP Express PRESTO Fare Payment device located at all UP Express stations at the beginning of the trip, and by tapping OFF on an UP Express PRESTO Fare Payment device at the final destination. PRESTO cards are transferable, but may only be used by one individual per trip. You may also use your contactless credit card, debit card, or these cards in a mobile wallet on a phone or watch, by tapping ON a designated UP Express PRESTO Fare Payment device located at all UP Express stations at the beginning of the trip, and by tapping OFF on an UP Express PRESTO Fare Payment device at the final destination.

For a full list of accepted contactless payment media, please visit the PRESTO contactless payment website at <https://www.contactless.prestocard.ca/en>

At the current time, only one-way standard Adult fares are available for contactless payment. Fare concessions (e.g. Senior, Youth and Post-Secondary students) are not available on PRESTO contactless.

Guests tapping ON an UP Express PRESTO Fare Payment device with their PRESTO card or contactless payment media are giving authorization for the full Adult fare cost of their journey, including any maximum fares or unpaid fares, to be charged to their issuing financial institution. When they arrive at their destination, the guest must tap OFF at an UP Express PRESTO Fare Payment device to close the transaction. At this point, if their trip's fare is less than the maximum, the PRESTO card or the contactless payment media (same card or device used to tap ON) will be credited accordingly.

For Example – When a guest enters the UP Express system at Weston station en route to Pearson station, the moment the guest taps ON a designated UP Express PRESTO Fare

Payment device, the guest will be charged the maximum fare (which in this case would be from Weston station to Pearson station). Once the guest taps OFF at a designated UP Express PRESTO Fare Payment device at Pearson station, the transaction will be closed and processed at the appropriate Weston to Pearson fare (rather than Weston to Union).

In the event that a guest forgets to tap OFF at an UP Express PRESTO Fare Payment device once they reach their final leg of their journey, they will be charged the maximum fare from the station where the guest initially tapped ON.

Please note that all PRESTO card and contactless payment media transactions on UP Express Fare Payment devices are closed and processed after sixty (60) minutes of the guest's initial tap ON when entering the UP Express system. Be sure to board within sixty (60) minutes of your tap ON.

While on-board the train, PRESTO card and contactless payment users will be requested by the authorized Transit Agency representative to provide their PRESTO card and contactless payment media for inspection purposes.

How to use PRESTO card and contactless payment media on UP Express – Going to or from non-Airport stations

Guests who wish to travel from a non-Airport station to another non-Airport station (Union, Bloor or Weston stations) can tap their PRESTO card or use an accepted contactless credit card, debit card, or these cards in a mobile wallet on a phone or watch, on an UP Express PRESTO Fare Payment device. If a Guest taps ON an UP Express Fare Payment device, they must tap OFF on an UP Express PRESTO Fare Payment device once they reach their destination. In case of an accidental tap ON/OFF on a GO Transit Fare Payment device, guests may reverse the tap as detailed below. Please note that guests will still need to tap ON (or tap OFF, as appropriate) on the correct device.

While on-board the train, PRESTO card and contactless payment users will be requested by the authorized Transit Agency representative to provide their PRESTO card and contactless payment media for inspection purposes.

Reversing PRESTO card taps

In the event that a guest would like to reverse (cancel) their tap ON from an UP Express PRESTO Fare Payment device, guests can immediately reverse the tap ON by pressing the correction button (indicated by the "X" symbol) until the "Fare Payment Reversal" screen appears and re-tapping their card on the UP Express PRESTO Fare Payment device. The amount deducted will be credited back to the PRESTO card. Please note that the reversal must be completed at the same station within 15 minutes of the initial tap ON.

For further assistance, guests can contact UP Express, speak with a Station Ambassador, or call PRESTO at 1-877-378-6123. If a guest taps OFF on the wrong device (completing their transaction), they may also contact PRESTO at 1.877.378.6123 for assistance.

For more information about PRESTO card, please visit www.prestocard.ca

Full PRESTO card refund

Guests can obtain a refund on the balance of their PRESTO cards subject to a four percent

(4%) administration fee. For cards that have a balance over \$50, a mail-in form must be sent to PRESTO. For cards that have a balance under \$50, to apply for a refund, you should call the PRESTO Contact Centre at 1-877-378-6123. In either case, cards must be returned to PRESTO once refunded. Visit www.prestocard.ca for more information.

Note that a PRESTO card balance cannot be refunded if the card has a negative balance.

PRESTO contactless

PRESTO contactless delivers freedom by providing an easy, convenient way to pay while moving seamlessly around the region – allowing contactless credit card, debit card, or these cards in a mobile wallet on a phone or watch as valid fare forms of payment on the UP Express. Use of a digital wallet for payment is also subject to the Terms & Conditions and Privacy Policy of the wallet provider.

For a full list of accepted contactless payment media, please visit the PRESTO website at <https://www.prestocard.ca/en/about/contactless>

UP Express customers currently purchasing UP Express tickets/e-tickets or using PRESTO card to travel to the airport or commute between Pearson airport to downtown Toronto are now able to use their contactless payment media to pay for their transit ride on UP Express. No need to purchase a PRESTO card, load funds, or pre-load your PRESTO card before travel, and there is no need to wait in line to purchase tickets.

When you tap your contactless debit, credit card, or these cards in a mobile wallet on a phone or watch on an UP Express PRESTO Fare Payment device or reader, you are giving authorization for the full adult fare cost of your journey, including any maximum fares or unpaid fares, to be charged to your issuing financial institution. We will charge the fare(s) for the journey(s) to your contactless payment media after you have completed your journey(s) for that day. It may take up to 48-hrs for the charge to appear on your credit/bank statement.

For customers who tap their contactless debit card on mobile wallet on phone or watch, a temporary pre-authorization may be held by your bank until the fare is completely processed. The amount will be the fare from the station where you tapped on to the end of the line (Union Station or Pearson Station).

When using a contactless payment media, you must always tap on and off (as required) using the same contactless payment media (single card or device). For example, if you tap on with your phone and tap off with your watch or card, you will be charged for two separate incomplete journeys.

- If you are using a payment card, remove the payment card from your wallet or purse before tapping on and off to ensure it is read properly by the UP Express PRESTO Fare Payment device and the card you intend to pay with is charged
- If you are using a smart device, you must have sufficient battery power to complete your journey as you may be asked at any time to provide proof of payment
- You should tap only the contactless payment media that you want to pay with on the UP Express PRESTO Fare Payment device

You must tap your contactless payment media on a UP Express PRESTO Fare Payment device at the start and end of each journey. Please complete your journey within sixty (60) minutes of the initial tap ON.

- A green checkmark screen, accompanied by a success beep, means that your contactless payment media has been accepted for travel
- A red “X” screen, accompanied by a failure buzzer, means your contactless payment media has been rejected for travel
- If your contactless payment media has been rejected, you must not travel any further until either your contactless payment media has been accepted for travel or you have paid your fare by a different means

If you have tapped on at the start of your journey, and are required to tap off, but you fail to tap off correctly, your contactless payment media may automatically be charged the maximum fare amount.

Your contactless payment media may not be accepted for travel if it:

- Has Unpaid Fares against it (see Unpaid Fares section below); or
- Is verified to be fraudulent or connected with illegal activities; or
- Has been reported lost or stolen; or
- Is rejected by your issuing financial institution; or
- Is damaged

Your PRESTO contactless media without a PRESTO Account

For users of a credit card, debit card or credit cards in a mobile wallet on a phone or watch, you will need to enter your card identification each time you sign in to the PRESTO website or PRESTO App to view your detailed journey or transaction history. The last 7 days of previous transactions can be viewed through the PRESTO App and [PRESTO website](#). For security reasons, certain personal information provided will be subject to verification through third party sources. In order to verify such information, we may disclose such information to third parties for verification purposes. You hereby consent to us making these disclosures for the purpose of obtaining such verifications.

Users who pay their fare with a debit card in a mobile wallet on their phone or watch, will need to review their bank account to see their charges. They are not available on the PRESTO website or PRESTO App.

Your PRESTO contactless media with a PRESTO Account

When you apply and are accepted for the PRESTO Service pursuant to the terms hereof which are incorporated by reference into the account application form, we will set up an account for you (“**PRESTO Account**”), to keep track and manage the use of eligible contactless payment media(s) connected to your PRESTO Account. Linking a credit card to a registered PRESTO account will result in providing the registered account with access to personal information such as the detailed journey or transaction history associated to that credit payment media. Therefore, only a credit card account belonging to the registered account holder should be linked to a PRESTO Account.

Users with a registered card in a PRESTO Account can access the last 180 days of transaction history and manage their Unpaid Fares by visiting the PRESTO website, PRESTO App or by contacting the PRESTO Contact Centre at 1-877-378-6123 or TTY: 711 or call 1-800-855-0511. As a registered PRESTO Account user who uses the mobile PRESTO app, you will also receive PRESTO contactless mobile push notifications notifying

you of outstanding actions on your PRESTO contactless payment media. Registered *Interac*[®] Debit card users have the same access as credit card users except for Unpaid Fares management. *Interac* users with debit cards on phone or watch cannot register their debit card in a mobile wallet on the PRESTO Account. If you've tapped with a debit card in a mobile wallet, you can check your bank account to see your charges. Your transaction history is not available on the PRESTO website or PRESTO App.

Closing your *PRESTO* Account

PRESTO reserves the right to terminate this Agreement at any time, at its sole discretion, upon notice to you. You may end the PRESTO Service and close your PRESTO contactless card and PRESTO Account at any time, by notifying the PRESTO Contact Centre.

PRESTO contactless payment limitations

Only one person at a time can use the same contactless payment media for travel. If you are travelling on UP Express with another adult, you can pay for the other passenger's fare with a separate PRESTO contactless debit card, credit card, or these cards in a mobile wallet on a phone or watch, or a PRESTO card.

PRESTO is not responsible if your fare is charged to a card or through a smart device that you did not intend to use, due to your failure to properly adhere to these Terms & Conditions or other posted instruction. Take the card you intend to pay with out of your wallet or purse to ensure that card is charged.

Your journey must be completed within sixty (60) minutes from when you tapped on. If the time between tapping on at the start and tapping off at the end of your journey is more than the prescribed time limit, you will be charged two maximum fares for your journey. If this happens, you may be able to apply for a refund by contacting the PRESTO Contact Centre at 1-877-378-6123 or TTY: 711 or 1-800-855-0511, or the UP Express Contact Centre at 1-844-GET-ON-UP (438-6687) or Local: 416-869-3300.

If your contactless payment media is verified to be fraudulent or connected with illegal activities, PRESTO contactless will permanently reject it for travel.

The fare charged may be subject to change (increase or decrease) if there are activities or taps that are received at a later date. The adjustment will be reflected and appear on your transaction history and/or your credit/bank statement.

Unpaid Fares

If your contactless payment media does not have sufficient funds or is otherwise declined by your issuing financial institution when PRESTO submits it for payment, PRESTO is unable to collect your fare (the "**Unpaid Fares**"). In such case, you will be temporarily denied for travel using the contactless payment media that has Unpaid Fares against it until the amount owing has been paid in full.

Interac Debit users:

If you have an unpaid fare associated with your debit card, the PRESTO system will automatically try to collect the unpaid fare from the same debit card for up to 7 days, or the next time you tap on with the same debit card on an UP Express PRESTO Fare Payment device. You will be notified with a "Tap Again | Trying to pay unpaid fares" screen. After

tapping, the PRESTO system will attempt to recover your Unpaid Fares. Once your unpaid fare is paid, either by you or by the PRESTO system automatically collecting the fare, you can use that same debit card again to travel. If you require additional assistance, reach out to our PRESTO Contact Centre.

Credit card users:

Credit card users can check the PRESTO website or PRESTO App to see any outstanding unpaid fares. Follow the prompts to pay them through an online payment form. If your unpaid fare has been collected by your issuing financial institution and paid to PRESTO, you must verify your contactless payment media is in good standing before travel, either through the PRESTO App or PRESTO website.

If you have Unpaid Fares (both credit and debit), you authorize PRESTO to recover the fare using your contactless payment media until we receive the full payment. PRESTO will attempt to recover the fare using your contactless payment until we receive the full payment:

- through your issuing financial institution, but we will not attempt to recover payment on more than six occasions nor more than once a day nor for longer than 30 days after your payment was first declined; or
- the next time you tap on your card on a UP Express PRESTO Fare Payment device

Reversing PRESTO contactless taps

Guest can immediately reverse (cancel) their PRESTO contactless tap ON from an UP Express PRESTO Fare Payment device by pressing the Mode button on the fare payment device screen. The device will display a green check symbol and a message, "Request for reversal recorded". For contactless payment, reversal requests are sent to the PRESTO back-end system for processing.

For further assistance, guests can contact UP Express, speak with a Station Ambassador.

Refunds on fares paid with PRESTO contactless

If you have used your contactless payment media but have paid an incorrect fare amount or could not tap off (if required) due to equipment issues, PRESTO may refund the full or partial fare amount back to the same contactless payment media. Any financial institution fees incurred by you will not be refunded by PRESTO. You may not be eligible for a refund if there are any Unpaid Fares owing. To apply for a refund, you should call the PRESTO Contact Centre or UP Express Contact Centre. It may take up to 48 hours for some contactless payment media transactions to fully process, so, when applying for a refund, it is recommended to wait 48 hours from the time of travel. Refund requests are required to be made within sixty (60) days of making a journey.

A range of e-tickets can be purchased from the UP Express website at www.upexpress.com or on our mobile application (available for iPhone, Android, and Windows-based devices) (the "**Mobile Application**").
